Embark in the Poultry Business.

Some time ago we called attention to the sales of poultry and eggs as accounted for by one of Powell county's leading farmers in the hope of interesting others, and now we have an account from one whole county, but this account applies to one city only. The information is contained in a special from Maysville, and says: "A Pittsburg company up to yesterday had paid the farmers of Mason county \$200,000 for poultry and eggs which they have delivered within the past twelve months, more money than the combined hay, corn and wheat crops brought."

As will be seen, this is what Mason county people received for their produce in Pittsburg only, to say nothing about the home consumption or the quantity sold in other cities which must be fully as much as the amount sold in Pittsburg. This then brings the figures up to \$400,000 which within itself seems enormous, but which is true.

Powell county can produce as much poultry and eggs as Mason county can and can derive the same for their stuff, but why don't they do it? We long to see the time when our people will awake and turn their attention to the production of such articles as are adapted to our surroundings, such as fruits, vegetables, poultry and etc.

The Right Name is DeWitt.

DeWitt's Witch Hazel Salve cools, soothes and heals cuts, burns, boils, bruises, piles and all skin diseases. K. E. Zickefoose, Adolph, W. Va. says: "My little daughter had white swelling so bad that piece after piece of bone worked out of her leg. DeWitt's Witch Hazel Salve cured her." It is the most wonderful healing salve in the world. Beware of counterfeits. Sold by M. Rose.

Purchased your ticket yet for the Ideals? Better hurry up, they are selling like waffles. At Gymnasium Hall on May 1st.

Odd Fellows' Day.

Yesterday was a gala day for Odd Fellowship in Clay City. A number of visiting brethren helped to swell the interest and some good speaking took place at the Methodist church in the afternoon. A line of march was formed, headed by the Clay City Cornet Band, and continued until the principal streets of the city had been paraded. An elegant supper was served at their Lodge room at night.

A Tried and True Friend.

One Minute Cough Cure contains not an atom of any harmful drug, and it has been curing Coughs, Colds, Croup and Whooping Cough so long that it has proven itself to be tried and true friend to the many who use it. Mrs. Gertrude E. Fennor, Marion, Ind., says: "Coughing and straining so weakened me that I run down in weight from 148 to 92 pounds. After trying a number of remedies to no avail, One Minute Cough Cure entirely cured me." Sold by M. Rose.

Large Crops--Low Prices.

The largest crop of tobacco planted in Central Kentucky for years is promised to be raised this year. Farmers are plowing up every acre of land available, and carpenters are busy building barns to house the mammoth future crop. Mark our prediction, there will be a considerable drop in prices next year.

Don't Like His Own Car.

Claiming that he was a through passenger, traveling on an interstate ticket, J. A. Chiles, a colored lawyer, of Lexington has filed suit against the Chesapeake and Ohio railroad, asking \$10,000 damages for being compelled to ride in a car set aside exclusively for colored passengers.

Won a Name of Fame.

DeWitt's Little Early Risers, the famous little pills, have been famous by their certain yet harmless and gentle action upon the bowels and liver. They have no equal for biliousness, constipation, etc. They do not weaken the stomach, gripe, or make you feel sick. Once used always preferred. They strengthen. Sold by M. Rose.

New Oil Refinery.

The low price paid by the Standard Oil Company for crude oil has led to renewed agitation regarding the establishment of independent refineries in Kentucky. Local capitalists with extensive interests in the upper and lower fields are establishing a refinery at Georgetown, and will make illuminating oil and asphalt.

Forget About Your Stomach.

If your digestion is bad the vital organs of your body are not fed and nourished as they should be. They grow weak and invite disease. Kodol Dyspepsia Cure digests what you eat, cures indigestion and all stomach troubles. You forget you have a stomach from the very day you begin taking it. This is because it gets a rest--recuperates and gradually grows so strong and healthy that it troubles you no more. E. L. Babcock, Amherst, Minn., says: "I have taken a great many remedies for indigestion but have found nothing equal to Kodol Dyspepsia Cure." Kodol digests what you eat, cures Indigestion, Dyspepsia, Sour Stomach, Belching, Heartburn and all Stomach Troubles. It's preparation is the result of many years of research. Sold by M. Rose.

Record Breaker.

W. J. Baugh, sawyer for the Swann-Day Lumber Co. on last Friday, April 21st, sawed three hundred and forty-five logs into inch boards. This is thirty-three logs more than was ever cut in one day at this mill in its past history. The log scale was 35,150. All lumber men know how much that is.

A Guaranteed Cure For Piles.

PAPOOSE POPCORN
A New Seed Discovery for FORAGE, POULTRY, POPPING

A subscriber to the Southern Agriculturist secured the original seed from an old Indian in Northwest Texas. After experimenting with it seven years he wrote that paper: "With good ground and care it will make from 50 to 100 bushels to the acre, and planted thick and cut stalk and all it will make more feed and better feed than anything I ever saw. The old Indian said poultry fed on it would never have the cholera. I have not lost a fowl with cholera since I have been raising it. It also pops beautifully." This article brought hundreds of requests for seed, and now only a few bushels are left. Send 10c for a 3 months' trial subscription to Southern Agriculturist, 39 C. P. Bldg., Nashville, Tenn., and you will get 100 seed by return mail, also details of \$50 prize seed-growing contest.

School Book Contract Void.

Two weeks ago we had an article in the TIMES relating to the decision of Superintendent Public Instruction concerning the school book law. In a letter to County Supt. F. P. Tracy, among other things Mr. Fuqua says:

"It will therefore be required of all counties having such contracts for text books published by American Book Co. to discontinue their use from and after this date, and substitute for such books the corresponding books of the State Uniform Series. The penalties for using other books than the State Series, except such as are under legal contract, are upon the County School Book Commission and teachers, the former being liable to a fine of from \$100 to \$500, and the latter (teachers) can not draw salary while using other books than those under legal state or county contract. This applies only to the publications of the American Book Co., at present. Other suits are pending against other companies and you will be advised on the conclusion of these.

The Court of Appeals holds that only one recovery can be made against any one company, and such recovery shall be for the full amount of the bond. Mason county has been awarded the full amount of American Book Company's bond and other suits against it will be useless."

The Vice President of the United States receives a salary of \$8,000 per year, while the vice president of the Equitable Life Assurance Society receives \$100,000 per annum besides the side grafts alleged to have been taken. This should make ex-Senator Fairbanks blush with envy.

The Postmaster General has decided that there will be no removals in fourth class offices where the present post masters have a good record. This should meet the approval of most every one, since an opening is left to oust all officers who have no merit attached.

The United States Senatorial race is getting warm in Kentucky. Judge Paynter, of the Court of Appeals, and the incumbent, Jo Blackburn are the contending Democratic candidates with chances, it seems to us, favoring Blackburn.

Repair work is progressing on Locks Nos. 9 and 10 Kentucky river to replace them in the same good condition they were before the recent tides. It is estimated that \$250,000 will be required to repair the damage.

The Kentucky Live Stock Breeders Association by unanimous vote, has decided to hold their annual Fair at Lexington

September 18 to 23 inclusive.

Carlisle has gone dry by a majority of 106 votes. One by one the Kentucky counties and towns are passing under local option control.

Do You Want an Education?

SOME FACTS ABOUT THE CLAY CITY GRADED SCHOOL.

Clay City is located on the L. & E. railroad, between Lexington and Jackson, Ky. The Graded School is the pride of the city and is in a prosperous condition, having an enrollment of about one hundred and fifty pupils.

Strict discipline is enforced, but it is tempered with mildness and kindness. Our course of study will compare favorably with that of any graded school in the State. We strive to obtain thoroughness, however, rather than as mattering knowledge of many things; to be deep, rather than broad. We shall undertake no patent process by which it is supposed that untutored boys and girls may be put into a cramming machine and speedily turned out well educated men and women.

Education is the product of time and hard study. If you wish your children to be well educated, you should give plenty of time in which to train them. We will teach your little children and give them the benefit of careful training in the elementary branches, under an experienced teacher, thus laying the foundation of a good education; we will take pupils in the preparatory department and give them thorough instruction in the ordinary branches of an English education, and we will take more advanced students and train them in the higher studies of the regular college course, including Higher Mathematics, Sciences, French and English Literature, and will furnish them with superior facilities for instruction in Vocal and Instrumental Music.

BEAUTIFY YOUR HOME WITH KINLOCH PAINT

Important Memorandum—The painter is the most important person in painting. A job well done by a good painter will last for years. The color paint applied by Kinloch (30c per gallon) will last only one year. This is the "get-you-into-it" of the good painter's job in \$11.00—the poor painter's \$10.00.

A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's a saving, not an expense. But when you paint—buy only

Kinloch HOUSE PAINT

There's one indisputable reason why, a reason every honest painter will acknowledge—"The Oil is the Life of Paint," and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, gallon for gallon, is KINLOCH PAINT, and we recommend its use for every good reason we know.

Is Waking Up.

Irvine is negotiating for electric lights, will endeavor to locate a college in their town, has provided for paved streets by September next, and is now pulling for a canning factory which Clay City should have. Irvine has been quoted as sleeping for the past fifty years, but must certainly be waking up thoroughly rested and prepared to do things double quick.

Notice from Dr. Bertram Smith, the Dentist.

As my practice in the upper part of the county will necessitate me spending part of my time in other towns I give notice to my patients, and to the public to have that neglected dental work done at once, so as to save a growl on your part later on when that old tooth is giving you fits and the dentist is out of town.

Killed by Blasting Rock.

Jerry Pitzenburger, one of the laborers on Lock no 11 at Flint, Estill county, was killed last week while soundly sleeping in his room. Heavy blasting was going on in a quarry not far away when an immense projectile of stone fell through the roof of the house upon the unfortunate man, killing him instantly.

Patronize a home industry by buying the best flour—Snow Flake and White Rose.

All the Fruit Not Killed.

Owing to the freezes and frosts of the two weeks past, it was supposed by most people that virtually all the fruit would be killed, but we are pleased to note this week that such is not the case, and we will at least have some apples and plums, if not injured later, or if they do not fall off before the ripening season.

Frightful Suffering Relieved.

Suffering frightfully from the violent poisons of indigestible food, C. G. Grayson, of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties 25c at Swann-Day Lumber Company's store. Guaranteed.

Locusts Next Year.

Every spring we read in some of our exchanges notice of the coming of the seventeen-year locusts, and the same prediction appears this spring, but they are again mistaken, for we well remember they were here in 1880, and the seventeen years will not therefore be up until next year, though a few scattering ones may be observed this summer.

A Daredevil Ride

often ends in a sad accident. To heal accidental injuries use Bucklen's Arnica Salve. A deep wound in my foot from an accident, writes Theodore Schuele, of Columbus, O., "caused me great pain. Physicians were helpless, but Bucklen's Arnica Salve quickly healed it." Soothes and heals burns like magic. 25c at Swann-Day Lbr. Co's store.

Church Free of Debt.

The Presbyterian church in this city has just raised five hundred dollars and paid off the indebtedness of the church which equaled that amount. Now that the church is free from debt, save a few floating accounts, it is the intention of the members to have a protracted meeting some time this summer or fall, closing with the church dedication.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says: "Two years ago I had Kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Blitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand since, as I find they have no equal." The Swann-Day Lumber Co., merchants guarantee them at 50c.

W. P. Walton, the well-known Lexington editor, has bought the Frankfort Daily Journal and will continue its publication.

Last Hope Vanished.

When leading physicians said that W. M. Smithart, of Pekin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for consumption, Coughs and Colds kept him out of his grave. He says: "This great specific cured me and saved my life. Since then I have used it for over 10 years and consider it a marvelous throat and lung cure." Strictly scientific cure for Coughs, Sore Throats or Colds; sure preventive of Pneumonia. Guaranteed 50c and \$1.00 bottles at Swann-Day Lbr. Co's store. Trial bottle free.

CURES STOMACH TROUBLES

THE body gets its life from food properly digested. Healthy digestion means pure blood for the body, but stomach troubles arise from carelessness in eating and stomach disorders upset the entire system. Improperly masticated food sours on the stomach, causing distressing pains, belching and nausea. When over-eating is persisted in the stomach becomes weakened and worn out and dyspepsia claims the victim.

Theodore's Black-Draught cures dyspepsia. It frees the stomach and bowels of congested matter and gives the stomach new life. The stomach is quickly invigorated and the natural stimulation results in a good appetite, with the power to thoroughly digest food.

You can build up your stomach with this mild and natural remedy. Try Theodore's Black-Draught today. You can buy a package from your dealer for 25c. If he does not keep it, send the money to The Chattanooga Medicine Co., Chattanooga, Tenn., and a package will be mailed you.
